## Professional Summary

Motivated and versatile Computer Engineering student (7th Semester, B.Tech, Marwadi University, Rajkot) with hands-on experience in full-stack web and mobile app development. Proficient in Java, Python, C#, Flutter, and AI-based technologies, with a strong foundation in software logic and problem-solving.

## EDUCATION

---

**Bachelor of Technology in Computer Engineering,** Marwadi University (NAAC A+), Rajkot (2022 -2026 )

CGPA: 9.26 / SPI (5th Sem): 9.05 / CPI: 9.26

**Higher Secondary**

57.07 Percentage

Shree.V.J.Modi Schools Rajkot (2020 – 2021)

**Matriculation**

98.54 Percentile

Shree.V.J.Modi Schools Rajkot (2018 –2019)

## TECHNICAL SKILLS

---

- Full-Stack Web & App Development | Flutter, Java, Python, C#, C++ | AI & Machine Learning (Basics)
- Software Logic & Troubleshooting | Database Management (SQL, Firebase) | API Development
- UI/UX Design | Frontend & Backend Development | Cloud Computing (Basics)
- Business & Startup Development | E-commerce Development | Digital Marketing

## INTERNSHIP EXPERIENCE

---

**CodSoft (Online Internship – Python Development)**

Summer 2024

- Developed Python-based projects and implemented data structures & algorithms.
- Gained hands-on experience in scripting, problem-solving, and debugging.
- Explored Python libraries for automation and web development.

## PROJECT WORK

---

### 1. SecuraEntry – Visitor Log App

- Developed a visitor management system for secure entry logging.
- Designed UI using FlutterFlow and extracted code for further customization.
- Implemented real-time database integration for efficient data management.

### 2. Industrial Warehouse Robot

- Designed and built an autonomous robot for warehouse management.
- Integrated automation for efficient goods handling.

### 3. UniDekho

- Designed the UI and contributed to feature development.
- Assisted in hosting and optimization for better user experience.

# Taher Murtazabhai Travadi

## **SOFT SKILLS**

---

- Analytical thinking and problem-solving | Attention to detail in development and debugging
- Effective communication | Leadership and team management
- Adaptability and quick learning | Time management
- Creativity

## **ADDITIONAL INFORMATION**

---

### **Interests**

- Technology & Innovation
- Robotics & Automation | Creative UI/UX Design
- Driving | Photography | Cooking

### **Languages Known**

- English | Hindi | Gujarati
